## CHANGE YOUR DIRECTION FASTER

THINSKINS™ GRIP are constructed with the following features:

### GRIP PADS

Designed to provide maximum GRIP to enhance manoeuvrability and agility for directional changes as needed by elite athletes.

### ANKLE

Elasticised ankle brace to keep sock in place and provide extra support.

### ARCH

Elasticised arch support to keep sock in place and prevent slippage.

### LEG

Lightweight leg using NanoDry™ & NanoStretch™ technical yarns for superior stretch, fit and comfort.

### SOLE

Cushioned sole delivers optimum comfort and impact protection.

### VENTILATION

Mesh zones strategically positioned to keep feet dry and cool.

### SHIN GUARDS

Knee High Grip socks can be worn with or without shin guards.

EST. SINCE 1977

## CUSTOM SOCKS

Perform at your best in our custom athletic socks. The socks are made from a blend of Cotton and Elastane. Our moisture-wicking socks are made to reduce friction for comfort and endurance.

Please [contact us](#) for design options and pricing.
